

Education

University of North Carolina at Charlotte, Charlotte, NC

Bachelor of Science in Mechanical Engineering with a Concentration in Aerospace

December 2028

Bachelor of Science in Physics

December 2028

University of North Carolina at Charlotte Chancellors List

FIRST Robotics Dean's List Finalist

GPA: 4.0/4.0

RELATED COURSE WORK

Logic and Computational Problem-Solving, Engineering Visualization and Graphical Communication,

CAD for Mechanical Engineering, Math and Science for Engineers II, Engineering Statics, Physics, Chemistry, Differential Equations, Calculus II

SKILLS

Electrical Wiring, Construction, Python Programming Language, Numerical Computing Language (MATLAB), Webpage Design, CAD Software, Microsoft Power Point, Microsoft Word

PROJECTS

Primary Writer and Researcher, *Interactive Museum Exhibit*

August 2025 – December 2025

- Assembled an Engineering team to research, design, and develop an interactive Museum exhibit demonstrating the process of Nuclear Fusion for First Year Engineering course

Team Leader, *FIRST Robotics Parts Modeling*, Burnsville, NC

August 2023 – February 2024

- Designed 3D Modeled Components to be 3D printed and attached to a robot
- Engineered parts in SolidWorks
- Tested the parts using a 3D Printer and Attaching the parts to the robot

MECHANICAL EXPERIENCE

Electrician Assistant, *Kevin Freeman Electrician*, Burnsville, NC

June 2024 – January 2025

- Assisted with wiring new construction houses
- Conducted Electrical Based repairs in Residential Homes
- Helped Install Electrical Services, electrical panels, electrical outlets for industrial applications

LEADERSHIP

Coordinator of Group Physics Study Sessions

Jan 2026 - Present

- Led discussions about course materials and exercises
- Assisted other classmates who were struggling with grasping the course material
- Answered questions to the best of my abilities

FIRST Robotics Team Captain Iron Dragons

August 2022 – February 2024

- Coordinated Local Robotics Team and Non-Profit Organization, Full STEAM Ahead Carolina
- Oversaw Building, 3D modeling, 3D part Designing, and Planning of the Robot
- Led Robotics Workshops in the Local School Systems

EXTRACURRICULAR

FIRST Robotics Referee for Decode Season, *FIRST Robotics, Asheville, NC*

February 2026

- Refereed FIRST Tech Challenge Robotics Competition
- Assessed and tracked point values for scoring teams
- Collaborated with Other Referees to evaluate matches and Answer Questions

3D Modeling Mentoring, *Full Steam Ahead Carolina, Burnsville, NC*

August 2024 - January-2026

- Mentored a Robotics team on 3D Modeling in SolidWorks
- Instructed Members of the team to design complex shapes to be 3D Printed
- Guided Team members on Proper 3D Printer use and maintenance

Lighter Than Air Society, *UNC Charlotte, Charlotte, NC*

October 2025 - Present

- Contributed to discussions pertaining to the construction of a Model Zeppelin
- Conducted research on construction materials and methods
- Estimated costs and budget limitations

NASA Space Apps Challenge, *PARI, Rosman, NC*

October 2022, October 2023

- Researched a problem a developed a solution to the proposed problem
- Achieved Global Nomination in 2023
- Utilized Local and Web resources to research and model the proposed solutions
